**MOTION TO CONTINUE
EVIDENTIARY HEARING
PENDING DECISION ON
MOTION TO DISMISS**

Docket No.: 2012-001

Cause No.: S/003/ 035

The Division of Oil, Gas, and Mining (Division) hereby moves the Board to continue the evidentiary hearing in the above matter now scheduled for January 25, 2012 until the next regularly scheduled hearing of the Board.

A continuance is appropriate to allow the Petitioner an opportunity to respond to the Division's Motion To Dismiss and to allow the Board the opportunity to consider the arguments and rule. The Petitioner is not required by the Board's rules to respond to the Motion to Dismiss prior to the hearing and should be afforded ample opportunity to do so.

If the Board grants the Motion, the RAA will either be amended and the Division will file a Response to an Amended RAA that will more clearly identify the facts and issues of the matter will be dismissed and there will be no reason to prepare for a hearing.

The facts surrounding the allegations are potentially complicated. The allegations cover the actions of numerous entities over a long period of time and may require substantial number of exhibits and witnesses. The Division's Motion to Dismiss is intended to clarify the issues and make the hearing more meaningful and make better use of the Board's time. Without an amended RAA it will be difficult to prepare for a hearing since the Division must address a broad array of possibilities. Preparation prior to a decision would require an extensive amount of work that otherwise may be unnecessary.

In addition, the Division requests an opportunity to present oral argument on its Motion to Dismiss. The Division anticipates that the Petitioner may also want to respond to the Motion. The Division is aware of no allegations that the matter is of any urgency or that there is an reason for requiring that the Board to hold a hearing prior to opportunity to amend. The evidentiary hearing should be continued until the RAA is properly plead, and the Board determines if it has jurisdiction.

Respectfully submitted this 10th day of January, 2012.
